

Collaboration: student/faculty; faculty/faculty; research, grants, publications.

From AERI 2011

Collaboration Workshop

Presenter: Wendy Duff

Thursday, July 14 at 1:30-3:00, 3:30-5:00

This workshop will include two panels: a panel of doctoral students followed by a panel of 3 faculty members. Each panelist will speak for 15 minutes and discuss what makes an excellent collaborative project, what type of authorship and attribution he/she works on a project, and what qualities would a 'dream' doctoral student or doctoral supervisor have?
